Appendix F. Fire Effects Monitoring Plan

The St. Croix National Scenic Riverway Fire Effects Monitoring Plan is under development, and will undergo a separate approval process. When it is completed and approved, it will become an Appendix to this Fire Management Plan.

Appendix G. Unit-Specific Information Requiring Annual Revision

This appendix is an unattached plan revised and updated prior to the spring fire season and is not included as part of this public access document due to employee information protected by the Privacy Act.
